SALE OF CUBAN SUGAR

To American Sugar Refining Company
Explained by Havemeyer.

LESS THAN ONE MONTH'S SUPPLY.

Head of the Great Trust Testifies
Before Senate Committee On
Cuban Relations About Purchasing Raw Product.

Washington, May 1.—The inquiry into the present holdings of Cuban sugar and Cuban sugar lands, ordered by the senate, was begun by the subcommittee on Cuban relations. President Henry O. Havemeyer of the American Sugar Refining company was the first witness, and all the members of the subcommittee, Messrs. Platt (Conn.), Burnham and Teller were in attendance. Senator Patterson was also present. Others present with Mr. Havemeyer were Arthur Donner, treasurer of the company, and Henry C. Mott, its raw sugar buyer. All of them were sworn. Replying to questions by Senator Platt, Mr. Havemeyer said his company was generally known as the sugar trust, and that its refineries are located as follows: In New Jersey one, New York three, Massachusetts two, Philadelphia two, and in New Orleans one.

"Will you," Senator Platt asked, "tell the committee how much Cuban sugar, if any, has been purchased and is now held by your company?"

"Since early in February last we have purchased 50,000 tons, or 25,000 bags, or about 10 days' supply," replied the witness. "Of that quantity 26,000 tons is now in process of shipment from Cuba."

The prices paid had, he said, ranged from \$1.75 to \$1.93, the highest price being paid on March 13 and the lowest on April 22.

"Where do you buy your raw sugar?"

"All over the world. In Cuba, Java, Hamburg, Trieste, the British West Indies, South America, wherever sugar is grown."

"Does the 50,000 tons you mentioned represent your entire purchases in Cuba since Jan. 1?"

"No; we have bought all told 93,000 tons of Cuban sugars during the present year, or about three-fourths of a month's supply, our consumption being about 35,000 tons per week."

"Do you control any sugar in Cuba other than that purchased?"

"None whatever in any manner."

"Have you taken any options on Cuban sugars?"

"I have not."

"Have you made any advance on any Cuban sugar?"

"None whatever."

"So that you wish to be understood as saying that the amount you have mentioned as having purchased represents your entire interest, direct and indirect, in Cuban sugars?"

"That is the statement I make." Continuing, Mr. Havemeyer said the entire Cuban sugar crop is about 750,000 tons, but that much of it has been withheld from the market in view of possible tariff concessions to be made by congress. On this account his purchases had been only about one-third of the average of other years. The purchases at the outports had caused the sales there to be made on a parity with the beet sugar prices.

Speaking of the capacity of his company, he said that it refined 65 per cent of the American refined product.

In reply to other questions, he said that the price of raw sugar in the United States is fixed by the best market prices in Hamburg. The price there fixes the selling price for the entire world, said Mr. Havemeyer. On the subject of the price of Cuban sugars, he said that his company could not determine their price.

"We have," he said, "no control over them whatever; they don't belong to us."

"Cuba has to sell her sugar in this market, hasn't she?"

"No; that is not true. She can sell in England, for instance, if she is desirous to do so. England could take the entire Cuban crop."

Mr. Platt then asked: "Suppose the United States should make a concession of say 20 to 25 per cent in the tariff rates on Cuban sugar, couldn't you refuse to buy the Cuban product, except at your own rates, and thus secure the benefit of the concession?"

"In no way," was the reply. Cuba would be under no obligations to sell to us, because, as I have said, the Cuban producers could find other markets."

"All the duty has been taken off of Porto Rican sugar; do you get that sugar any cheaper on that account?"

"Not at all."

At New Orleans.

Milwaukee, May 1.—The next

convention of the American Bankers' association will be held in New Orleans some time during November. The announcement was made by John Johnston of this city, a member of the executive committee, who returned from New York, where he attended a meeting at which the place of holding the next convention was decided.

MONUMENT AT EPHRATA.

TRIBUTES PAID TO THE MEMORY OF TWO HUNDRED REVOLUTIONARY HEROES.

Lancaster, Pa., May 1.—The monument at Ephrata, in memory of the Revolutionary soldiers buried there, was unveiled and dedicated in the presence of a throng of many thousands, including Governor Stone, ex-Governor Patterson and other dignitaries. The ceremonies consisted of the firing of cannon, followed by band concerts, receptions to the civil and military organizations participating in the exercises, and a reception to Governor Stone.

Addressess were delivered by Governor Stone, ex-Governor Patterson and others. At the outbreak of the Revolutionary war the Zionistic Brotherhood at Ephrata was under the direction of Peter Miller, who rendered valuable service to the Continental congress, and is said to have been a friend of Washington. After the battle of Brandywine about 500 wounded and sick American soldiers were taken to Ephrata, where they were nursed by the brothers and sisters of the community. Over 200 died from their wounds or camp fever and were interred on Zion hill.

The monument consists of a shaft 36 feet 6 inches high and 3 feet square. It is made of Quincy granite, quarried from property once owned by John Adams and his son, John Quincy Adams.

BENGAL CITY DEVASTATED.

Calcutta, May 1.—A tornado has devastated the city of Dacca and adjoining town. Four hundred and sixteen persons were killed. Crops were ruined throughout the district. Dacca, a city in Bengal, was famous place in the history of British India. It is situated 150 miles northeast of Calcutta. In the seventeenth century it was the capital of Bengal. In 1800 it had a population of 200,000, and was noted for its product of fine muslins, which were known as "woven wind." Growing imports of Manchester cottons ruined its industries, however, and by 1821 the population had dwindled to 82,000.

Fire at Norfolk.

Norfolk, Va., May 1.—A fire broke out in the heart of the business section of the city. In a short while the tobacco factory of L. W. Davis, candy manufactory of Bosman & Lowman, hotel and restaurant of R. W. McDonald and the large grocery house of L. P. Roberts & Company, on Commercial place, were in ruins. On Roanoke avenue, D. C. Donald's dairy lunch rooms, two vacant store buildings, the Dispatch newspaper office and Hofheimer's cigar manufactory were destroyed. Losses, \$125,000. The fire originated in the candy factory of Bosman & Lowman.

It Is Secretary Moody.

Washington, May 1.—William Henry Moody, the new secretary of the navy, took the oath of office at the navy department. The oath was administered by E. P. Hanna, solicitor of the department. Those present beside the retiring secretary, Mr. Long, were Assistant Secretary Darling, former Assistant Secretary Hackett and Representatives Roberts, McCall, Lawrence and Green of Massachusetts. The entire personnel of the department was then presented to Mr. Moody, the clerks at the same time bidding Mr. Long farewell.

MacArthur Continues.

Washington, May 1.—Major General MacArthur continued his testimony before the senate committee on the Philippines. Answering a question by Senator Culberson, the general stated that Aguinaldo and the Filipino people were justified in concluding that the actions of the United States army were sympathetic. The Filipinos, he said, were in a resentful and vindictive opposition to Spain. Any active force on their part against Spain naturally helped the United States, and vice versa.

Los Angeles, May 1.—The opening day of the Club Women's convention registers 6,000 visitors. Special trains continued to pour in delegates, two of the largest being 200 from New York and 100 from Chicago. The southern delegation is markedly representative, numbering 400.

Silver Jubilee.

Peoria, Ill., May 1.—The silver jubilee of the consecration of Rt. Rev. the diocese of Peoria, was celebrated at St. Mary's cathedral, in this city, this being the twenty-fifth anniversary of that occasion. The jubilee sermon was preached by Cardinal Gibbons.

Good Prices For Horses.

New York, May 1.—At a sale of high class carriage and saddle horses

by a Chicago firm at the American horse exchange, in this city, 30 head were sold in less than two hours for \$30,550, an average of \$1,320. Daniel C. Reid of the American Tin Plate company was the heaviest buyer. He paid for Cardiff and Wales the highest price ever given for a pair of carriage horses under the hammer. These beautiful brown geldings were struck off to his bid of \$8,050.

BILLY GIBBONS

RIDES ON HORSEBACK ELEVEN MILES AFTER BEING FATALY WOUNDED.

Davenport, Wash., May 1.—Participants in a desperate battle between officers of the law and desperadoes, which occurred at Almira, west of here, have been received. As a result of the fight "Billy" Gibbons, one of the desperadoes, is dead, and his partner named Wild is at large, though handcuffed. About two weeks ago, Gibbons and Wild rounded up a band of horses to ship to Wyoming. Deputy Sheriff Nicholl of Okanogan county pursued them, and Wild was captured in a hotel at Almira and turned over to a group of men in the hotel office. Gibbons was located in a saloon, and in a fight that followed Nicholl shot him in the side, arm and hip, but he managed to reach his horse. For 11 miles Nicholl pursued him, the men exchanging shots continually. When Gibbons' ammunition was gone he threw down his gun and surrendered. He was brought to Almira and died at midnight in the presence of his father and mother. Meanwhile Wild fought his way out of the hotel office and disappeared.

A NEW DEMAND.

Pittsburg, May 1.—The National Association of Blast Furnace Workers and Smelters of America has sent copies of a new demand to the United States steel corporation, the Republic Iron and Steel company, the Bessemer association and the independent furnaces.

The workers demand that on and after June 1 eight hours shall constitute a day's work at the same rate of pay now received for 12 hours, and that all 10-hour men shall be reduced to nine hours at the present rate of pay. The men are now working 12-hour turns. "Turn men" receive \$2 per 12 hours, engineers and keepers \$2.50 and laborers \$1.50 for 10 hours.

If the demands of the association are granted it will mean the introduction of a third shift. This will mean the employment of additional keepers, helpers, blowing engineers and fillers and top fillers, where electricity is not used.

TO BE RELEASED.

AMERICAN OFFICERS AND SAILORS AT VENICE WILL BE GIVEN THEIR FREEDOM.

Rome, May 1.—Ambassador Meyer conferred with Signor Prinetti, the foreign minister, and it was arranged that the American naval officers now imprisoned at Venice shall be released, conditioned upon the payment of civil damages amounting to \$2,000. It is understood that King Victor Emanuel will exercise his prerogative to remit the imprisonment, so that after being cautioned, they may leave abroad the cruiser Chicago.

Three more seriously injured.

Philadelphia, May 1.—A majority of the 28 girls and young women injured in the panic at the cigar factory of Harburger, Homan & Company, resulting in the death of eight employees, suffered principally from nervousness and shock, and went to their homes after treatment at the various hospitals. There are 10 victims still in the hospitals, and of these three are in a critical condition. They are: Mary Horanen, 17, fractured skull; Mary Altose, 17, concussion of the brain; Mary Massio, 13, fractured skull.

FOUR YOUNG FOLKS KILLED.

Kewanee, Ill., May 1.—Four lives were lost here in an accident at the Malm street crossing of the Burlington railroad. The Burlington fast mail train, eastbound, which runs through Kewanee without stopping, ran down a carriage containing four young people, and all were instantly killed. The dead: Miss Maggie Keller, Kewanee; Miss Blanche Harding, Kewanee; Capers, Galva; T. A. Emery, Galva. The bodies of all were horribly mangled.

A VINEGAR COMBINE.

Rochester, N. Y., May 1.—A corporation in the nature of a fruit product syndicate has been formed with the object of combining manufacturers of cider and vinegar. The syndicate, which will have a capital of \$2,000,000, will control many of the leading plants in central and western New York and some in Michigan.

Des Moines, May 1.—Congressman D. B. Henderson, speaker of the house, was renominated for the eleventh

successive time at the Third district convention in Waterloo. The nomination was unanimous.

A STRATA OF STRIKES

MAY DAY FINDS THOUSANDS OF IDLE HANDS IN INDUSTRIAL CENTERS.

SKILLED LABOR DEMANDS MORE PAY.

IN SOME PLACES THE INDICATIONS POINT TO A SPEEDY ADJUSTMENT OF THE DIFFERENCES BETWEEN EMPLOYERS AND EMPLOYEES.

Pittsburg, May 1.—May day was ushered in with strikes of most of the building trades for reduction in hours, more wages and adjustment of trades conditions. It is estimated that between 12,000 and 15,000 men are out, the trades involved being structural iron workers, carpenters, bricklayers, sheet metal workers, slate and tile roofers, inside electric wire workers, portable and hoisting engineers and wood and metal lathers. The plumbers' strike was averted by the master plumbers' meeting Wednesday night and signing the advanced scale. The strikers will tie up work on all the large buildings in course of erection in this city. Numbers of the leading architects of the city have stopped the receipt of estimates on new work, and on some important contracts already placed they have notified the contractors of indefinite delay in making contracts. One of the architects showed specifications on work aggregating \$10,000,000, which is being held up by the labor trouble.

On account of the carpenters' strike, the largest planing mill operators have agreed to close their shops pending a settlement of the trouble.

Reports indicate that the number of men out will not exceed 8,000. A number of firms have signed the various trade organization scales, and with the exceptions of the carpenters and structural iron workers the strikes are not as extensive as expected. A strike of 1,500 men was averted by the principal companies signing the scale.

SKILLED LABORERS QUIT WORK.

Buffalo, May 1.—It is estimated that more than 2,000 skilled laborers are on strike here. Most of these are carpenters, a few structural iron workers and the rest plumbers. The carpenters, who are receiving 30 cents an hour, demand 37½ cents, the plumbers demand \$3.50 per day, an increase of 50 cents, and the iron workers ask for 50 cents an hour. Fourteen contractors, employing about 450 men, have agreed to pay their carpenters 37½ cents. Most of the contractors have conceded the demands of the structural iron workers, but a few of the smaller ones are holding out.

STRIKE IN CANADA.

Toronto, May 1.—More than 1,000 men of various trades went on strike for an increase in wages. They include 350 bricklayers, 400 carpenters and machine workers. A number of wire, wood and metal lathers, carriage and wagon workers and jewelry workers are also out. The compositors and machine operators on the different newspapers here have decided to strike on May 8 if their demands for increased wages are refused. The day men want \$18 a week, while the night men demand \$21.

BUILDING TRADES STRIKERS.

Youngstown, O., May 1.—Two thousand men employed in the building trades went on strike for an 8-hour day and an increase in wages, all efforts to settle their differences with the contractors proving unavailing. Some of the smaller contractors conceded the men's demands, and it is said several owners may sign any hour, but this will only reduce the number of striking workmen very slightly.

SITUATION AT CLEVELAND.

Cleveland, May 1.—At the local headquarters of the Structural Iron and Steel Workers' association it was stated that about 500 men employed by the American Bridge company at various Ohio points went on strike. Not to exceed 100 men are said to be involved in this city. One hundred men are also reported out at Akron.

SAWMILL EMPLOYEES STRIKE.

New York, May 1.—Machinists and benchmen to the number of 1,200 in a dozen large sawmills and moulting mills, in Hudson county, N. J., went on strike. The men demanded a uniform rate of \$2.50 for an 8-hour day, which was refused.

Duluth, Minn., May 1.—Three hundred carpenters went on strike here for an 8-hour day and increased wages. Other trades may be involved later, the plumbers having already presented a demand for an increase.

DRIVERS' STRIKE.

Rochester, N. Y., May 1.—About 500 drivers of coal wagons, all members of the drivers' struck for higher wages and shorter working hours.

VOTERS will shortly be liberally supplied with reading matter. The number of speeches now being prepared for distribution before the elections next November breaks all records. There are at present in stock already for the use of the campaign committees 300,000,000 copies of speeches delivered at this session. The speeches are printed in English, French and German. A few days ago it was necessary to pass a bill appropriating \$3,000 for additional help in the folding room where these campaign documents are handled.

PERSONAL.

Prof. Waller is in town visiting his parents.

Mr. Everett Brightman, of Hillsboro, O., is in town.

Mrs. Alice H. Evans leaves this week to visit friends in the county.

Miss Elizabeth Burrows is visiting her sister, Mrs. J. B. Coleman, of Danville.

Editor E. Allen Griffith, of the Brooksville Review, was a Maysville visitor Thursday.

Miss Florence Pearce Wadsworth is home after spending a few weeks at Gainesville, Fla.

Miss Harriet West Belt, of Cincinnati, is the guest of Miss Alberta Glasscock at "Edgefield."

Mrs. George T. Wood and Mrs. J. Pickett Wood are home after spending a few days in the county.

Mrs. George Schatzmann and daughter are visiting the former's mother, who is ill near Russellville, O.

Mrs. Sallie Cox arrived home Thursday after a sojourn of several months in Kansas City with relatives.

Rev. F. S. Pollitt and bride are expected on a visit to friends at Washington, his former home, soon.

Mr. and Mrs. Charles Young arrived home from their bridal trip and have taken up their residence on January street.

About the middle of May Mr. and Mrs. S. N. Meyer will leave Dayton, O., for Mt. Clemens, Mich., to spend the summer.

Mr. S. P. Salter is at Vanceburg for the purpose of organizing a tent of the Macabees.

The Christian Church at Wellsburg burned a few days ago. It is supposed that a spark from a passing train started the fire.

Mr. Henry E. Rosevear, State Secretary of the Y. M. C. A., will arrive at 1:30 to-day and will meet with the Board of Directors of the local association at 4 o'clock, and will then take the 5:15 train East.

Another effort is being made to collect the Carter County railroad debt. The heirs of David Sinton have filed suit in the Federal Court at Covington for \$75,000. The bonds were issued years ago for a railroad that was never built.

The most select line of sterling silver goods ever brought to Maysville at prices less than this line has ever been offered. See our watch bargains; nothing like them anywhere.

MURPHY, the jeweler.

Mrs. I. S. Kay received the sad intelligence last evening of the death of her uncle, Mr. Field Horeley, of Fairmount, Ky. The funeral takes place to-day from the Christian Church of that place, of which the deceased was a member. He lived a long time at Carrs, Ky., better known as "Stout's Bottom." Mrs. A. E. Shaw, of Eureka, Kan., and Mrs. R. T. Pennington, of Indianapolis, are his daughters.

River News.

The rains this week have caused only a slight rise at headwaters.

The Queen City is due down this evening and Bonanza to-night. Up to-night, the Courier.

Capt. James A. Henderson, President of the Pittsburgh and Cincinnati Packet Line, has equipped the steamer Queen City with devices for fighting fire, in addition to that required by the United States marine law. He has distributed forty devices which will explode whenever the temperature rises to 165 degrees. This will attract the attention of those on watch. The devices have been distributed through the holds of the boat and close to places where there is fire, such as stoves, boilers, &c. All of the boats of the line will be equipped thus.

GROWTH OF CATHOLICS.

Membership Increasing More Rapidly, in Proportion, Than the Population.

NEW YORK, April 30.—At the fourth annual meeting in this city of the Maynooth Alumni Association of the United States, Dr. McCready, of New York, was elected President; Dr. Toner, of St. Paul, Vice President; Father Coyne, of Winona, Minn., member of the council.

Speaking of the progress of the Catholic Church in the United States, Father Sheedy, of this city, said:

"Taking the religious census for the past year, compiled by Dr. H. B. Carroll, a Protestant clergyman, it is found that of the 653,000 new members that were added to the various denominations, 483,000 were added to the Catholic Church. The increase in population was 2.18 per cent., while the Catholic increase for the year was 5.4 per cent. Of the 20,000,000 church members in the United States, Dr. Carroll sets down 9,000,000, or nearly one-half, as Catholics."

"Have by some surgeon Shylock on thy charge to stop his wounds lest he do bleed to death." People can bleed to death. The loss of blood weakens the body. It must follow that gain of blood gives the body strength. The strengthening effect of Dr. Pierce's Golden Medical Discovery is in large part due to its action on the blood-making glands and the increased supply of pure, rich blood it produces. It is only when the blood is impoverished and impure that disease finds a soil in which to root. The "Discovery" purifies the blood and makes it antagonistic to disease. When the body is emaciated, the lungs are weak, and there is obstinate lingering cough, "Golden Medical Discovery" puts the body on a fighting footing against disease, and so increase the vitality that disease is thrown off, and physical health perfectly and permanently restored. It has cured thousands who were hopeless and helpless, and who had tried all other means of cure without avail.

Twenty-one one-cent stamps to cover expense of mailing will obtain a copy of Dr. Pierce's Common Sense Medical Adviser, 1008 pages, in paper cover. Send thirty-one stamps if cloth binding is preferred. Address Dr. R. V. Pierce, Buffalo, N. Y.

THE MEDICAL SOCIETY.

Last Meeting Well Attended—Interesting Paper by Dr. Davis—Next Essayists.

The last meeting of the County Medical Society was well attended—the largest attendance, perhaps, since its organization. The proceedings were of the usual character, every member took an active part in the discussion, and there seemed to be no abatement of interest in the objects of the society.

The admirable paper of Dr. Davis, of this city, was listened to with close attention. He had studied the question very carefully and his exposition of the leading points was exceedingly clear and instructive.

The officers of the society are making every effort to give variety and attractiveness to the proceedings and it is very gratifying to note that the members—both in the county and city—are disposed to give them an active support. This is as it should be. A hearty, united effort is for the advantage of all. No one member is of greater importance to the society than the society is to him.

The essayists named for the next meeting are Dr. Meyers, of Ewing Station, and Dr. Brand of this city.

Dr. Jack Cook has promised to read a paper in the near future embodying a detailed account of the three gunshot wounds of the stomach, which were successfully treated, it will be remembered, by the cuisinier method. It is expected that a similar paper will be read upon the remarkable case treated by Dr. Hunter.

Dr. Heaton, of Aberdeen, continues in rather feeble health.

A bill granting a pension to Henry C. Haywood has been introduced by Congressman Kehoe.

Mr. Charles Hancock and family have moved into Mrs. Jane Burrows' residence on Forest avenue.

Chambers Baird, recently elected Mayor of Ripley, has resigned as U. S. Referee in Bankruptcy.

Mr. R. A. Toup was thought to be somewhat improved this morning, but is still in a helpless condition.

ORGAN RECITAL.

A Very Large Audience Delighted With the Musicale at First Baptist Church Last Evening.

The large and handsome auditorium at the First Baptist Church, fresh from the hands of the freecoors and painters, was crowded to its full capacity last evening on the occasion of the organ recital given by Prof. Barbour, of Cincinnati.

The recital was, to some extent, in the nature of a test of the elegant new pipe organ just put in by the church, and to afford the public an opportunity to hear this splendid instrument.

The organ occupies the center of the balcony immediately back of the pulpit, and fits in handsomely with the architecture of the church, adding much to the attractiveness of the auditorium. It is the largest in the city, and was put in at a cost of \$2,000 by the Pilchers of Louisville.

The organ is not only the largest and one of the most elegant in the city, but it was demonstrated last evening that it is also one of the sweetest-toned. Prof. Barbour is a master of the organ and in response to his skillful touch the varied resources of the instrument were brought out to the delight and entertainment of all.

The vocal solos by Mrs. Hattie Mitchell were enjoyable features of the program. Mrs. Mitchell has a splendid voice, rich, full, well modulated, and she has seldom been heard to better advantage, the accompaniment by Prof. Barbour bringing out the notes in pleasing harmony.

Dr. Boyet and the members of his congregation are indeed to be congratulated on this splendid addition to their church, making it complete in its every appointment.

SHUFF REMEMBERED.

President Duley of the Board of Trade Sends Him a Mammoth Cigar.

[Enquirer.]

Mr. John L. Shuff, one of the most active members of the Business Men's Club, yesterday placed on exhibition a mammoth cigar which was presented to him by Mr. John Duley, President of the Maysville (Ky.) Board of Trade.

The cigar is three feet in length, and is made of tobacco grown in Mason County, Kentucky.

Mr. Shuff was Chairman of the committee which had in charge the business men's trip to Maysville recently on the occasion of the Maysville Tobacco Fair, and the impression left is still pleasantly remembered by the citizens of the thriving city.

At the urgent request of a number of members from the county of the Dr. Basil C. Duke Chapter, U. D. C., the next meeting will be on Monday morning, May 5th, at 9:30 o'clock, instead of May 6th as before announced. Please note the change and come promptly.

Mrs. Thomas H. Paynter, wife of Appellate Judge Paynter, and Miss Amelia Weitzel had a narrow escape from serious injury in a runaway accident at Frankfort. They were driving near the State Cemetery, when the backing strap became unfastened and the horse ran away. Both occupants of the vehicle were thrown to the street. Mrs. Paynter was injured about the head and body. One of Miss Weitzel's wrists was sprained and she sustained several bruises.

The Fountain's Music!

Our fountain has been started for the season and the gentle "sizz" of our lively soda is a musical sound to those who enjoyed the delicious drinks we serve. We can't say our soda is any better this year than last—it's hard to improve on perfection—but we do know that we shall use the purest and finest materials that money can buy, and shall omit no effort that might make these most delightful beverages more delicious still.

BRADFORD-OTTO.

The Home of Mr. John Otto, of Springdale, the Scene of a Happy Marriage Last Wednesday.

A large number of special friends and relatives gathered at the home of Mr. John Otto, of Springdale, on Wednesday to witness the marriage of his beautiful daughter, Miss Louvena, to Mr. Samuel Bradford.

At the appointed hour the young couple, led by Rev. F. W. Harrop, of Maysville, entered the sitting room, where in the presence of their many admiring friends, they took their position under an arch or canopy of pink and white, and the officiating clergyman pronounced them in due form husband and wife.

The bride was attired in a dress of white lace mull, trimmed in muslin de soie and white ribbon, and carried a bouquet of white roses. Her traveling suit was of grey cheviot. The groom wore a black dress suit. The young couple made a splendid appearance at the marriage altar.

After the congratulations, a banquet was served, and the hours most happily spent until the young couple's departure. They took the 4:15 train, amid a copious shower of rice, &c., for Chicago via Indianapolis.

WEATHER FORECAST FOR TO-MORROW

It is rumored that an insect has been discovered that thrives on electric volts. This may account for the insurance "expert's" unsatisfactory report on the condition of the wires in Maysville. Good wire screens afford the only effective barrier against the ravages of this voracious pest.

FRANK OWENS HARDWARE COMPANY

Sol. Smith Russell.
[Chicago Inter-Ocean.]
In the minds of those who had followed the stage career of the late Sol. Smith Russell for thirty years or more, his name was always closely associated with two songs. One of these he sang in the late '60s, when he was billed as "a serious comic vocalist." Its refrain, "I saw Esau kissing Kate, The fact is we all three saw— For I saw Esau, 'saw me And the saw I saw 'saw,"

was on nearly everybody's lips in the country at the time. Years afterward, when he had become a successful dramatic star, he made the song "Shabby Gentle!" famous by his pathetic rendering of it in "A Poor Relation." He not only acted and looked, but for the time being he was, the personification of the refrain—

Too proud to beg, too honest to steal,
I know what it is to be wanting a meal;
My tatters and rags I try to conceal—
I'm one of the shabby gentle.

City School Census.

The enumerators reported the following number of school children in the city:
First and Second wards.....464
Third and Fourth wards.....399
Fifth and Sixth wards.....519
Colored in all wards.....1,822
Total.....1,860

Last year the number was 1,790, but the colored children of Sixth ward were not included.
